

Digiscrap Starter Class (10am-12pm) by Jenn & Stan White of Scrappers Workshop

Cost: \$20/person

Description: Learn how to scrap quick and easy - the digital way! We will walk you through the process, from starting up Photoshop Elements to saving and sharing your work online. In this extended 3 hour class you will learn:

- Photoshop Elements basics - the tools and techniques you need to make beautiful pages
- How to improve your photos and import them into layouts
- How to use pre-made layouts (quick-pages) and to create your own from scratch
- How to add journaling in creative ways
- How to find FREE digiscrap supplies, as well as where you can buy inexpensive supplies
- How to save, print and share your layouts online - including on facebook, Shutterfly, and other galleries

Supplies:

- a laptop or desktop computer. (You CAN take the class without a computer, but you will need to take great notes and will not go home with finished layouts). Don't forget your power cord!
- a copy of Photoshop Elements (any version) or PhotoshopCS(any version). Check to see if you already have it, often people get free copies when you buy a printer or scanner. If you need, a free 30-day trial is available at www.adobe.com - look for PSE8. Download and install the night before the class. You can purchase the program at a good price here <http://su.pr/7w0lmS>
- Notebook and pen/pencil - while we provide handouts, you will want to take your own notes too!
- photos on disc or scanned into your computer

We will provide:

- Handout disc with three getting started self-study classes (the same material we cover in class).
- Three complete digiscrap kits from ScrapKitty Design
- 10 QP's to choose from for the first lesson
- Word art and journaling blocks
- tutorial library - a complete collection of our beginning tutorials in .pdf format for you to continue your education after the class.
- Bonus freebies from our sponsor designers!
- Extension cords and power strips for easy plug-in.

Don't miss this opportunity to get started quickly and inexpensively! We will limit this class to 10 students, so that you will get the most personal instruction possible. Register now to reserve your seat!
